Measure, Appointment or Topic: HB3119

With inflation at an all time high, this bill will delay the implementation of the Advanced Clean Trucks regulations and save the state of Oregon from ruination. Democrats, again, have NO understanding of technology, science, business or COMMOM SENSE. If these regulations are not stopped people will become poorer and flee this state. Pass HB3119 and prove you've learned something from the 2024 election or you will be thrown out in 2026.
