I support this bill because my husband and I work so hard to get to a place where we can be debt free and save for our son's future, our family's future. With the rate of rent increasing so much every year, this just doesn't help us move forward to reach our financial goals. We are asking for your help to make families like ours thrive towards a more secure and comfortable living situation. I am hoping for for a positive result and more power to everyone involved in the decision making.
