

Submitter: k davis

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB747

I am writing in support of SB 747. There are few things more important than protections for our water. Fertilizer is a primary contaminant of our water, and we need increased accountability of large landowners applying it to better protect our ecosystems and public water sources. Please vote yes to pass this bill!
