Measure, Appointment or Topic: HB3173

As an agricultural property land-owner residing in Benton County I wish to express my support for this bill and the funding of the OregonFlora. I have committed acreage of my property to native habitat restoration, conservation and preservation as well as invasive species identification and removal. I have used OregonFlora resources to assist in my research and efforts. OregonFlora's database and freely accessible information is and has been an invaluable resource for myself and other property owners with whom I collaborate on our efforts.

Please approve and vote for passage of this measure which will provide critical funding for the continuation of OregonFlora's invaluable work.

Thank you,
Sincerely,
Aryeh Frankfurter
