

Submitter: Leslie Lukas-Recio

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3173

This program leverages 30 years of research, effort, citizen science to develop resources and information provided in OregonFlora database. This database offers sophisticated plant identification tools and plant records that help us learn, identify and map native and endemic plant species in Oregon. Sustainable support will maintain this unique program that preserves our ecological history.
