

Submitter: Nancy Bray

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3173

As a 4th generation Oregonian, I support HB 3173. Funding for OregonFlora Program will support research, volunteer efforts, and community science projects focusing on the outstanding native plant diversity in our state. The botanical data this program provides is important for our economy, forestry, agriculture, recreation, and tourism.
