On Behalf Of: Mr Oregon is NEUTRAL on SB 934
Committee: Senate Committee On Education
Measure, Appointment or Topic: SB934

I am NEUTRAL on [SB 934].

[SB 934] is a good and overdue action but review the following language:

"...(4) Directly inform parents of the process to recommend that a child be screened for identification as a talented and gifted child;..."

Should not {SB 934} humbly request and receive permission frm the parents of the gifted child, first?

Mr. Oregon Concurs and says, "Whoa Nellie-bell, slow down."
