On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3173

Many O.S.U. departments offer valuable services to the public, professionals, and students. The Oregon Flora Project and Botany and Pathology Department is one, but they get little state support for their expertise. They deserve dedicated funding that HB 3173 will provide. As an alumni of O.S.U., I greatly value what the university has provided me. I urge you to fund the services and expertise provided by Oregon Flora and the Botany Pathology Dept.
