

Submitter: Adam Heroux

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB916

Please pass this critical bill to strengthen labor rights which are essential for a healthy democracy and for solving issues like homelessness, gentrification and displacement, workplace discrimination & harassment, and so much more.

Workers shouldn't be penalized for labor disputes and have their livelihoods on the line when management won't meet reasonable demands of their workforce.
