

Submitter: Shantel Schroeder

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB2301

With the rising real estate costs and increase in property values, it only seems right to raise to exclusion. I know a couple families who are looking at \$2mil + in inheritance tax. One because they lost 2 family members (grandfather and father) leading the business within 1 year of each other, risking their family farm. It seems like a giant slap in the face, on top of losing loved ones. Let's do what is right and help protect our Oregon families. I urge you to vote yes on this bill.
