Dear Chair Patterson, Vice Chair Hayden and members of the committee:

The Early Learning Council offers its support for SB 846, relating to health care of children served by Coordinated Care Organizations (CCOs). This bill replaces existing legislative required reports on children's health data with more meaningful and timely child-specific data sources.

The Early Learning Council is committed to supporting passage of this bill as it would include more meaningful data sources to better inform strategies that can better inform children's health and address health inequities among children. We offer our support for SB 846 and encourage your support on this bill.

Sincerely,

Sue Miller  
Chair, Early Learning Council
