Committee: House Committee On Revenue
Measure, Appointment or Topic: HB2301

Oregon is one of the worst states for taxes, I own a business in east Clackamas county. I am 78 years and can't sell my business, after being self employed for 48years. My cpa tells me the taxes I would pay would be huge, so I just keep working. Not able to retire . Please move to pass this legislation so I can finally retire and enjoy the golden years . Thank you Steve
