Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2169

I am writing in support of HB 2169. I live in the Tualatin Basin, Washington County, and I see water reuse as a promising and beneficial way to avoid water waste and help keep summer temperatures in the Tualatin River within the range that can support our native aquatic life. Please move this bill forward and advance this work. Thank you for your consideration.
