Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB769

To all concerned parties,

I support Or Sb769 completely. The issue of cougars in the state is a "local" issue. It varies county to county. The solutions should be local solutions decided by each county.

Exactly like the US law of the land. The US gives the power of most decisions to each individual state, because each state has its own circumstances. This just takes this down one more level.

Give the decision to the local residents of each county!

Sincerely

Jeff Bailey
