RE: Support for SB 916

To the Senate Committee On Labor and Business,

As a striking healthcare worker who works at Providence I have faced unnecessary financial hardship for the last three weeks due to Providence's unwillingness to negotiate in good faith. I have had to live off of my emergency savings and have started to rely on my partner for financial assistance, this has put us in a difficult position as he is unable to provide for both of us on his regular paycheck. My partner has had to work nearly every single day for the last 3 weeks in order to pay the bills and rent that I am usually able to contribute to.

Thank you for accepting my testimony and I look forward to your support.
