

Submitter: Linda Carlson

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB769

The cougar population has gotten out of control. Too many domestic and farm animals have been lost and the cougars are becoming fearless around humans. The deer and elk populations are also suffering. We can't sit idly by until humans become their target. Kids can't play in their yards or explore the woods like when mine were younger. We should be allowing dogs for tracking and hunting these predators. Thank you for your time and consideration.
