Wildfire
Measure, Appointment or Topic: SB769

I support this measure. I've lived here in the country since 1975 as a child. Back then we did not have worry about cougars. We could sleep outside at night. We did not worry about our livestock or pets being killed by cougars. Nowadays, I don't dare go out to our barn at night unless I'm carrying my sidearm. I would like to go back to the days when it was much safer. Using the dogs would help keep the cougar population at a managable level. Thank you, Ken and Pam McGinley
