

Submitter: Shannon Goulter

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

Dear Committee Members,

I am writing to express my strong support for HB3155, which would permit the operation of Class I, Class III, and Class IV all-terrain vehicles on specific highways.

This legislation strikes a balance between expanding recreational opportunities and ensuring road safety by requiring that these vehicles meet equipment standards and are properly registered.

Thank you for your time and consideration.

Sincerely,
Shannon Goulter
