On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

Coming from Arizona, where this is perfectly legal. There is no reason it can't be legal here in Oregon especially when we have to abide by all DOT rules blinkers turn signal speed limits. What's the difference might as well be able to have side-by-side on the road as well and then ticket them accordingly if they are messing around or doing whatever Just as you would with people driving fast or reckless in a regular vehicle thank you for reading my testimonial
