Committee: Senate Committee On Labor and Business  
Measure, Appointment or Topic: SB916

RE: Support for SB 916

To the Senate Committee On Labor and Business,

Please pass this bill and allow workers the opportunity to strike for better working conditions. When a worker goes on strike and earns no money, it makes it a sacrifice few can make, even though the issues to strike for are so worthy and important. If this bill passes, it will allow the average citizen to exercise their right to strike, while still feeding their family and providing for basic needs.

Thank you for accepting my testimony and I look forward to your support.  
Jennifer RN
