We support being able to license Side by Sides and drive on roads other than highways. We enjoy this when we are in Yuma Arizona and other locations like lakeside Oregon. Making drivers of side by sides go thru the proper State required training course and making sure the vehicle is street legal I feel that we all can be safe and enjoy riding Side by Sides in areas such as Florence, Coos Bay, Waldport etc. Please pass this legislation for all.

Most instances these drives are short distances within our communities and we have seen everyone be responsible and safe while doing this. A majority of these riders are 40 and older and follow all laws and regulations. I do not think it would apply in places like Portland, Salem and Eugene due to the amount of traffic etc.

Thank you,

David Hanken
