On Behalf Of: Eric Lee
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB769

We have a dangerous amount of big cats in are area. Comfortably coming in to our properties killing livestock and pets, It's just a matter of time and they will take children and adults. We desperately need to bring back hunting with dogs, before the big cats get worse, we can't even walk on our own property safely. Please consider this passing for the safety of the people and livestock.
