

Submitter: Elizabeth Wentzel

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB916

I am a nurse at a Providence hospital in Oregon. This bill would help immensely! With this bill in place organizations would not be able to take advantage of individuals that are striking and put in a place where they have to choose between surviving and supporting what they know is right! Please pass this bill so that I can fight for what myself and my community deserve!
