On Behalf Of: AFSCME 328
Committee: Senate Committee On Labor and Business
Measure, Appointment or Topic: SB916

My name is Karyn Trivette and I'm a physical therapist and a dues paying member of local AFSCME 328 union. I support SB 916 which would repeal the law block unemployment benefits for workers on strike. This bill would help ensure workers are able to stay afloat while fighting for a fair contract.
