

Submitter: Johnny Wilkerson
On Behalf Of: Jackson County
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB769

I Completely agree with this bill. Our cougar population is out of control, I have multiple game cam pictures of lions traveling in packs of 3-4 and multiple cats that look like they're 200 pounds or more. Our deer and elk population is being affected tremendously on behalf of mountain lions and Wolves. Take Nevada or Utah for example, their deer and elk numbers are great other than the areas that were hit with the extreme winters and a big part of there ability to thrive is because they manage lions with dogs. It will help bring people from out of state to hunt these animals which in return brings more revenue. Let's pass this bill before anymore pets get killed or even worse someone's kids gets attacked by these lions. Just like all animals they have got to be managed.
