

Submitter: Brian Porter

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB769

The use of dogs to hunt cougar and bear should have never stopped it was an effective way to keep the numbers down so they wouldn't keep coming into towns that are close to the outskirts or even in the middle of town,next to schools,back yards and trails that you or your kids walk and play on its only a mater of time before one is at your back door after your dog,cat,or even your kid. We need to reintroduce the use of dogs to keep the numbers of the cougars and bears down.
