

Submitter: Christina Brose

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB769

I big key point for me was how many people buy lion tags and never fill them without dogs. With the past wild fires lions have moved down. They moved to town eating pets and being around our elementary school because the population has exploded the last 5 years. Hunting dogs where bred to hunt lions they will help control populations. A farmer will have less animal loss.
