

Submitter: Mike Prohoroff

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB769

I have never hunted with hounds, but I believe it is an effective management tool when done responsibly. I do hunt and spend a lot of time in woods every year and anecdotally we have way more lions on the landscape. I buy a lion tag every year and though I see more of now than I ever have, I have never been able to harvest one. Hounds are far and away the most efficient way to harvest and manage the lion population.
