

Submitter: W. Patrick Workman

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB916

I oppose this bill. Unemployment insurance is for the unemployed due to circumstances beyond their control. Not due to their choice. Beyond that, striking is a matter between employee and employer. The government has no business being involved. Further, my tax money needs to be better conserved from such issues. Focus on helping we Oregonians weather our economic difficulties, not add unneeded financial burdens.
