Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB769

As an avid hunter since I was young, I support SB769. Our herds of Deer, Elk, Antelope, and even cattle have suffered tremendously due to the lack of control of predators. We hunt to provide for our families here. The use of hounds would allow us to protect our wildlife and even our livestock-which is the lively hood for people in our community. As a county, we should be able to decide if we are allowed to use hounds or not to protect our own land and manage these predators that destroy so much for us.

Thank you.
