

Submitter: Karen Martinez

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB916

I oppose the passage of SB 916. This bill would incentivize people walking off the job if they would be able to make claims. Currently unions and businesses are forced to bargain judiciously for agreement. Allowing unemployment benefits would not speed the process but hinder. Current high union costs would also increase. Vote NO.
