

Submitter: Andy Munson

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB769

Just wanted to urge my support for passing this important, biologist driven legislation that will end up protecting wildlife and save deer, elk, and ultimately cougar populations that are growing beyond a sustainable size and will die emaciated if we continue on this path. Thank you, from a concerned life long outdoorsman and Oregonian.
