Measure, Appointment or Topic: HB3121

To whom it may concern, I am in strong favor HB-3121. As an operator of 19 different small water systems along with one large, I have witnessed firsthand the struggles of previous operators and needs of these small systems. I am also proud to be serving as a board member with OAWU. It is very encouraging that there is such a focus on the needs of Oregon's small systems. 1 connection or 10,000 everyone is deserving of safe, clean drinking water. Please feel free to reach out if you have any questions.
