

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES HB 2511
Committee: House Committee On Education
Measure, Appointment or Topic: HB2511

I OPPOSE [HB 2510].

ORS 327.013 (1)(b)(B): [https://oregon.public.law/statutes/ors_327.013]

From the TEXT of [HB 2511], "...SECTION 1. (1) The Department of Education shall collect the same information that the department uses to administer ORS 327.013 (1)(b)(B) for all individuals who are employed by a school district or by an education service district.

(2) Upon receipt of a request to collect the information described in subsection (1) of this section, the school district or education service district shall in a timely manner provide the requested information to the department...."

The information requested in [HB 2511] should have been already provided.

Have the Administration produce a written account of why the requested information forming the basis of [HB 2511] is not currently available.

If the Education Department's Administration does not immediately produce the aforementioned information request; because their "Dogs ate it" or they are suffering from a congenital cognitive issue or they are a "Diversity, Equity and Inclusion" hire not having the requisite skill set for the job they were hired to perform, immediate and heartless regime change must take place.

Mr. Oregon Concurs and says, "Time to give all DEI hires, das Boot."
