

Submitter: Katelyn Hanf  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and  
Wildfire  
Measure, Appointment or Topic: SB769

I strongly support SB 769. Proper science-based game management is the only way to make sure this species doesn't get out of control or go unchecked. Since the passing of Measure 18 the mountain lion population has grown beyond reasonable management objectives with no right or humane way to control it, causing our deer herds to suffer. Hound hunting is the only proven successful way to properly manage this species. It should be up to the counties at a minimum to make this decision for the people who reside within and are most impacted.

Thanks,
