As a member of Linn County I support this. We need to have cougar hunting back with hounds. I have recently had a cougar on a trail camera down in the farm land less than a 100 yards from my home. Luckily it didn't bother our horses or goats but the neighbor found 4 fresh deer kills just two weeks ago. I believe the population of cougars is much higher than they actually think it is from the sign I've seen all over the state.
