

Submitter: Brett Richards

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or  
Topic: SB769

I believe it is very important to manage wildlife on a local level especially being an avid hunter and rancher. Our wildlife numbers have been decimated since 1994. Our local residents and biologists know what's best for each individual county rather than allowing residents of 3-4 counties in the state to determine the rules for the entire state. Tganks
