

Submitter: Michael Brainard

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB526

It is not the legislatures job to micromanage Oregonians. The sponsors of this bill would have greater success speaking to Oregonians about the issue of microplastics. This bill wouldn't stop Oregonians from having wash machines bought and shipped into Oregon that are cheaper because they lack a fancy feel good filter. Also, what stops of user from cutting out the filter? We already know that a wash machine can function without it.

I oppose this bill.
