RE: Support for SB 916

To the Senate Committee On Labor and Business,

My son is an RN at Providence. He takes care of very critical patients. Patients that need one on one care. He and his mates are exhausted caring for 3 or 4 patients at a time on the shifts. He and his mates are concerned about the level of care and safety they provide to these very critical patients.

With PTO getting low, he and his mates are running on empty.

Please vote yes for this bill. You will be giving them all something to hold onto, as they fight for not just themselves but for the patients they care deeply about.
