On Behalf Of: Mr Oregon OPPOSES SB 526
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB526

I OPPOSE [SB 526] as written.

[SB 526] is a good idea but...

From the TEXT of [SB 526], "...a microfiber filtration system and instructs the consumer to check the filter according to a regular schedule and dispose of captured lint with household solid waste..."

The filtration systems to capture, "micro plastic and micro particles in the "Lint, [the Lint] "should be treated as "Household Hazardous Wastes" and NOT thrown out as "Household Solid Waste."
