For years this town, being a town brimming with artists and creators of all types, has been in great need of a higher amount of monies allowed via tax credits for film productions. The jobs, tourism and opportunities it would bring this community would be beneficial in a HUGE way to Portland. As a Portland native, I can say that I have been wishing for quite some time that our leadership would push for more film opportunities for all of us, and a increase of the amount of tax credits allowed would be a truly wonderful start.

Thanks for taking the time to read this.

Sincerely,

Daniel Timothy Treacy
