

Submitter: Ashley McDonough
On Behalf Of: Boeckman Creek Primary School
Committee: House Committee On Education
Measure, Appointment or Topic: HB2953

As a parent of Boeckman Creek Primary School students, I implore you to pass this measure. Our school has a significant amount of students who could use additional support and with upcoming budget cuts in our district, it is predicted that we will have a decrease in teachers and staff in the 2025-2026 school year. Our school population is growing and general funds cannot be expected to make up the gap for special education. Every single student deserves the resources needed for their education. Thank you for your consideration. Our children are our future. We must do everything we can to set them up for success.
