

Submitter: k davis

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB2684

As a proud Oregon grandmother, I am writing to express my strong support for HB2684. Oregon's children deserve a healthy start, and that must include the provision of healthy school grounds, gardens and buildings. Making information regarding the use of pesticides public will ensure that staff and parents are able to care for children statewide.

Thank you for supporting this bill.
