On Behalf Of:

Committee: House Committee On Emergency Management, General Government, and Veterans

Measure, Appointment or Topic: HB3062

Dear Chair Tran, Vice-Chair Grayber, Vice-Chair Lewis, and members of the House Committee on Emergency Management, General Government, and Veterans:

Thank you for the opportunity to comment on HB 3062. I am writing in support of this bill.

I am an Oregonian, a grandmother, a retired teacher and farmer and I support HB 3062, which positively affects the way my community decides where to locate industry, homes, hospitals, and care facilities and what we can do if they are located next to each other. This bill gives my community an important tool to make sure neighborhoods come with common-sense protection when industries and communities become neighbors.

We need a solution to prevent the dangers and hazards stemming from thoughtlessly placing industries near schools, homes, hospitals and care facilities near industry.

Thank you for considering my comments and allowing this opportunity for public input.

Sincerely

Peggy (Margaret) Harris
