Committee: House Committee On Emergency Management, General Government, and Veterans

Measure, Appointment or Topic: HB3062

My name is James Young, I'm a student of Parkrose high school. I'm asking you to support HB 3062 because it helps our community. It causes less pollution.

I have family and friends who are in the Parkrose community, and they are surrounded by a bunch of other businesses that cause pollution, like the fire department, gas stations, factories. My uncle is elderly, so he is more vulnerable to pollution. I am also an athlete. I'm a boxer. I worry about breathing bad air.

In 2019 Oregon passed a bill to stop older diesel trucks. This ONLY reduced 15% percent of diesel pollution, The majority of are pollution is caused by off road equipment by 75% in are county.

I'm asking you to support HB 3062 for a better air quality for are county. I thank you guys for listening to what i have to say.
