

Submitter: Diego Serralta-Poox

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: HB3062

Hello everyone, my name is Diego Serralta. I am a high school student at Parkrose High School and part of the Parkrose community.

Air quality is a big issue for our workers. I think every person deserves to work in good air conditions. The issue with the quality in Parkrose affects people like me and our athletes who do track, soccer, football, cross country etc. Especially with our construction and landscape workers who remodel our area for the better. Health plays a big role in our life and is most important.

I want to ask you to support this issue of air pollution for our environment and community with health problems like asthma to avoid any further issues. Thank you everyone for giving time to listen.

Sincerely,
Diego Serralta-Poox
