

Submitter: Na'ol Adam

On Behalf Of:

Committee: House Committee On Emergency Management, General Government, and Veterans

Measure, Appointment or Topic: HB3062

My name is Na'Ol Adam, and I live in the Parkrose area of Portland. I am a senior at Parkrose high school, and I want to show my support for HB3062. This bill is really important because it would help our community in many ways. First, it would provide more funding for our schools. As a student, I know how important it is to have good teachers, supplies, and programs to help us succeed. Right now, we don't always have everything we need to learn well, and HB3062 could change that.

Second, our parks and public spaces need improvements. Many of the parks in Parkrose don't have enough resources, and some are not safe for kids to play in. I think if we had better parks, more kids would have a place to go outside and stay active. This bill would also help support local businesses, which could create more jobs for young people and adults in our community. More jobs and support for small businesses would make Parkrose a better place to live for everyone.

Overall, I believe that HB3062 will help Parkrose grow in a positive way. It would make our schools, parks, and local businesses stronger, which will improve life for everyone in the neighborhood. I hope the people in charge will vote yes on this bill so we can have a better future here in Parkrose.

Sincerely,  
Na'Ol Adam
