

Submitter: Jordan O'Brien

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB3435

Free meals has been a way for my kids to have access to healthy, balanced meals, in a way that is equitable for them and their peers. It has helped to ensure all kids are on an even playing field for nutrition, access, and comfort. It should be a given that all kids have this access.

Thank you!
