In Support of HB 5039

Dear Co-Chairs Frederick and Levy and members of the Joint Committee On Ways and Means Natural Resources Subcommittee:

As a concerned Oregonian, I am writing to express my strong support for including \$5M for the Natural and Working Lands Fund in the OWEB budget. As you know, the NWL Fund provides incentives and technical support designed to help landowners, land managers, environmental justice communities, and Tribes adopt natural climate solutions on Oregon's farms, rangelands, forestlands, wetlands, and estuaries.

Preservation of these natural resources within our state deserves this modest appropriation. Thank you.
