

Submitter: Cheryl Conway

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or  
Topic: SB427

To: Senate Committee on Natural Resources and Wildfire

Re: Support for SB427

97% of Oregon stream miles are at risk of running dry. There is currently no mechanism to safeguard instream values from harmful impacts of certain water right changes—even if a fish-bearing stream would be dewatered. Reforms like those in SB427 are critical for the future of salmon and will keep our rivers flowing cold and deep.
